

## **Bloodborne Pathogens Protocol**

Employees exposed to bloodborne pathogens must immediately notify their supervisor. If medical assistance is required, the following facility is our Designated Treatment Provider and is available to provide treatment and consultation services by telephone.

### **Medical Access**

12321 Middlebrook Rd

Germantown, MD 20874

Office (301) 428-1070 Fax (301) 428-3192

After-hours: Call Dr. Manbir Takhar @ (301) 428-1070  
and the after hour service will connect you.

### **Office Hours:**

Monday – Friday 8:00 AM – 7:30 PM

Saturday – Sunday 10:00 AM – 5:00 PM

(Including Federal Holidays)

### **What to do if exposure occurs during business hours –**

The supervisor should provide the Medical Access information to the employee. If possible, the supervisor should call to notify Medical Access that the employee will be arriving for an evaluation.

### **What to do if exposure occurs after hours –**

The employee should contact Dr. Takhar at (301) 428-1070. Following the discussion with Dr. Takhar, if care is recommended treatment should be received from the nearest emergency facility. Dr. Takhar will contact the selected facility to discuss treatment options. During the next business day the employee should contact Medical Access to discuss a convenient time to see Dr. Takhar.

## ***Montgomery County Hospitals***

### **Holy Cross Hospital**

1500 Forest Glen Rd  
Silver Spring, MD 20910

### **Washington Adventist Hospital**

7600 Carroll Ave.  
Takoma Park, MD 20912  
301-891-7600

## Treatment After Normal Business Hours

If treatment is required after hours, the emergency room physician will administer the necessary medication. However if this is not possible and there are immediate pharmaceutical needs, the supervisor should visit the Montgomery County Self-Insurance Program website [www.mcsip.org](http://www.mcsip.org)

Within the website there is a link for CorVel CorCareRX, MCI's team partner managing Workers' Compensation Drug Plans.

To assist the employee, the supervisor should print a First Fill Card (temporary pharmacy card). Providing a First Fill Card eliminates the need for out-of-pocket expenses thus making the process convenient for the employee.

**CorCareRX (CCRX) FirstFill Pharmacy Instructions**

The CorCareRX FirstFill Pharmacy Instructions and Card should be provided to injured worker following an accident. There are two ways to access the instructions and card:

**Option 1**

The supervisor can download the [CorCareRX FirstFill Pharmacy Instructions](#) form. The form should be completed prior to giving to the employee. The injured employee can take the completed form to a network pharmacist.

**Option 2**

As the supervisor reports the Loss via CareMC online, an Initial Treatment Guide – Physician Pharmacy can be generated. The Initial Treatment Guide includes physician and pharmacist information. See the [Sample CorCareRX FirstFill Initial Treatment Guide](#).

Alternatively, if preferred there is also the option to call CorCareRX's toll free (800) 563-8438 for assistance locating a participating pharmacist.

Bradley Pharmacy, an in-network provider located at 6900 Arlington Road Bethesda, Maryland 20814. Telephone (301)-654-6776, Fax (301)-654-2768 regularly stocks medications used to treat exposure to bloodborne pathogens.

## 24- Hour Pharmacy Locations

CorVel has several pharmacy locations within Montgomery County and surrounding areas. Please visit [www.mcsip.org](http://www.mcsip.org), under Quick Links, select the link to CorCareRX and follow instructions for pharmacy locator.

Representatives are also available by phone 24-hours a day at (800)563-8438.

The following locations provide 24-hour pharmacy services. For a complete list of pharmacist, visit CorCareRX.
